"This has been a great resource for me. You guys are great. I recommend you to all my colleagues."

*Todd Lemieux Teacher Kellenberg Memorial High School*

## The Window Into Your Classroom Award-Winning Teacher Website Product!

### You do more than teach

You organize, plan, encourage, comfort, support, inspire, engage, and educate. Your classroom has a distinct personality and you want your students to flourish. What resources would help streamline your classroom management while helping your students thrive?

TeacherSites, a teacher website product is a centralized communication and education center for your classroom. From content to design—TeacherSites is the window into your classroom that:

- Strengthens connections and communications between teachers, students, and families.
- Provides easy access to assignments, booklists, teacher messages, resource links, quizzes, blogs...the list goes on!
- Reflects your classroom's unique spirit and personality by offering over sixty-five award-winning design templates.
- Brings classroom learning home.
- Bolsters student self-confidence by increasing parent involvement in their child's learning experience.
- Enables teachers and students the ability to update site content, images, and graphics within seconds, as well as create new pages.

### TeacherSites is a single, simple solution

With unlimited page creation TeacherSites grows with you to meet your diverse classroom and teaching needs. And, with a PC/Mac friendly system, TeacherSites is incredibly easy to use with no programming knowledge necessary. View our list of features.

### Did you know?
